Main Text

Word Limit: 1200 words

1. Introduction

- **Name, date, and location of the conference**
- **Purpose and significance of the conference**

- **Key themes and focus areas**
-

2. Key Highlights & Discussions

- **Summary of major presentations and panel discussions**
 - **Notable speakers and their contributions**
 - **Emerging trends, research findings, or policy discussions**
-

3. Implications & Future Directions

- **How the conference findings impact Ayurveda and Integrative Medicine**
 - **Suggested future research, collaborations, or policy changes**
 - **Relevance of key takeaways for practitioners, researchers, and educators**
-

4. Conclusion

- **Summary of main insights**
 - **Importance of the conference in advancing Ayurveda and related fields**
 - **Recommendations for future engagement**
-

References

- **Limit: Up to 10 references**
- **Reference numbers should be written inside square brackets [] within the text and NOT as superscripts or endnotes**

Example: The conference emphasized the growing role of Ayurveda in modern healthcare [1].

Tables & Figures

- **Maximum 2 non-text items (tables/figures)**
- **Figures should be high-quality (300 dpi minimum)**
- **Tables should summarize key conference sessions or outcomes**

Acknowledgments (Optional)

- **Recognize contributors, funding, or institutional support (if applicable)**

Conflict of Interest Statement

Example: *The author(s) declare no conflicts of interest.*

Optional: Author Bio

- **A short paragraph about the author(s), including expertise and current affiliations.**

References

References should be numbered consecutively in the order they are first mentioned in the text, tables, and legends. They should be identified by **numerals in square brackets [] after punctuation marks**. References cited only in tables or figure legends should be numbered according to the sequence established by their first identification in the text of the particular table or figure. Ensure adherence to the style examples below, based on formats used by NLM in Index Medicus. Journal titles should be abbreviated according to Index Medicus style; provide complete names for non-indexed journals. Avoid citing abstracts unless necessary, and ensure permissions for unpublished data.

Articles in Journals

Standard Journal Article (for up to six authors):

Parija SC, Ravinder PT, Shariff M. Detection of hydatid antigen in the fluid samples from hydatid cysts by co-agglutination. *Trans R Soc Trop Med Hyg.* 1996;90:255–256.

Standard Journal Article (for more than six authors):

Roddy P, Goiri J, Flevaud L, et al. Field Evaluation of a Rapid Immunochromatographic Assay for Detection of *Trypanosoma cruzi* Infection by Use of Whole Blood. *J Clin Microbiol.* 2008;46:2022-2027.

Volume with Supplement:

Otranto D, Capelli G, Genchi C. Changing distribution patterns of canine vector-borne diseases in Italy: leishmaniosis vs. dirofilariosis. *Parasites & Vectors.* 2009;Suppl 1.

Books and Other Monographs

Personal Author(s):

Parija SC. *Textbook of Medical Parasitology.* 3rd ed. All India Publishers and Distributors; 2008.

Editor(s), Compiler(s) as Author:

Garcia LS. *Filarial Nematodes.* In: Garcia LS, ed. *Diagnostic Medical Parasitology.* ASM Press; Washington DC; 2007:319-356.

Chapter in a Book:

Nesheim MC. Ascariasis and human nutrition. In: Crompton DWT, Nesbemi MC, Pawlowski ZS, eds. *Ascariasis and its prevention and control.* Taylor and Francis; London, U.K.; 1989:87-100.
