

# International Journal of Ayurveda360

## Template for Vignettes Articles (Feature Article)

---

**Vignettes retell incidents in the lives of great Vaidyas/scientists, encapsulating important points about Ayurveda, related AYUSH systems, or integrative medicine. Abstracts are not required, and manuscripts should be limited to 2000 words.**

---

### **Title of the Vignette**

**Concise, engaging, and informative (≤15 words)**

**Font: Times New Roman, 14 pt, Bold, Centered**

---

### **Author(s) Details**

***First Name Last Name<sup>1</sup>, First Name Last Name<sup>2</sup>, etc.***

**<sup>1</sup>Designation, Institution, City, Country**

**<sup>2</sup>Designation, Institution, City, Country**

### **Corresponding Author:**

**Name**

**Affiliation**

**Email**

---

### **Keywords**

**4 to 6 keywords separated by commas (Use MeSH terms if possible)**

---

### **Main Text**

**Word Limit: 2000 words**

## **1. Introduction**

- **Overview of the incident being described**
  - **Importance and relevance in Ayurveda or integrative medicine**
  - **Objective of the vignette**
- 

## **2. Incident Description**

- **Detailed narration of the historical or personal incident**
  - **Context and setting of the event**
  - **Role of the scientist/Vaidya in the scenario**
- 

## **3. Lessons & Impact**

- **Key insights from the incident**
  - **Contributions to Ayurveda, AYUSH, or integrative medicine**
  - **Influence on future research or medical practices**
- 

## **4. Conclusion**

- **Summary of the significance of the vignette**
  - **Long-term relevance in Ayurveda and integrative medicine**
- 

## **References**

- **Limit: Up to 20 references**
- **Reference numbers should be written inside square brackets [ ] within the text and NOT as superscripts or endnotes**

*Example: Historical accounts of Ayurvedic practice highlight these contributions [1].*

---

### Tables & Figures (If Applicable)

- High-quality images (e.g., archival photos, handwritten notes, illustrations of key events) should be included where relevant
  - Tables summarizing key insights or dates may be used
- 

### Acknowledgments (Optional)

- Recognize contributors, funding, or institutional support (if applicable)
- 

### Conflict of Interest Statement

*Example: The author(s) declare no conflicts of interest.*

---

### Optional: Author Bio

- A short paragraph about the author(s), including expertise and current affiliations.

### References

References should be numbered consecutively in the order they are first mentioned in the text, tables, and legends. They should be identified by **numerals in square brackets [ ] after punctuation marks**. References cited only in tables or figure legends should be numbered according to the sequence established by their first identification in the text of the particular table or figure. Ensure adherence to the style examples below, based on formats used by NLM in Index Medicus. Journal titles should be abbreviated according to Index Medicus style; provide complete

names for non-indexed journals. Avoid citing abstracts unless necessary, and ensure permissions for unpublished data.

---

## **Articles in Journals**

### **Standard Journal Article (for up to six authors):**

Parija SC, Ravinder PT, Shariff M. Detection of hydatid antigen in the fluid samples from hydatid cysts by co-agglutination. *Trans R Soc Trop Med Hyg.* 1996;90:255–256.

### **Standard Journal Article (for more than six authors):**

Roddy P, Goiri J, Flevaud L, et al. Field Evaluation of a Rapid Immunochromatographic Assay for Detection of *Trypanosoma cruzi* Infection by Use of Whole Blood. *J Clin Microbiol.* 2008;46:2022-2027.

### **Volume with Supplement:**

Otranto D, Capelli G, Genchi C. Changing distribution patterns of canine vector-borne diseases in Italy: leishmaniosis vs. dirofilariosis. *Parasites & Vectors.* 2009;Suppl 1.

---

## **Books and Other Monographs**

### **Personal Author(s):**

Parija SC. *Textbook of Medical Parasitology*. 3rd ed. All India Publishers and Distributors; 2008.

### **Editor(s), Compiler(s) as Author:**

Garcia LS. *Filarial Nematodes*. In: Garcia LS, ed. *Diagnostic Medical Parasitology*. ASM Press; Washington DC; 2007:319-356.

### **Chapter in a Book:**

Nesheim MC. Ascariasis and human nutrition. In: Crompton DWT, Nesbemi MC, Pawlowski ZS, eds. *Ascariasis and its prevention and control*. Taylor and Francis; London, U.K.; 1989:87-100.

---

## **Electronic Sources**

### **Journal Article on the Internet:**

Parija SC, Khairnar K. Detection of excretory *Entamoeba histolytica* DNA in the urine, and detection of *E. histolytica* DNA and lectin antigen in the liver abscess pus for the diagnosis of amoebic liver abscess. *BMC Microbiol.* 2007;7:41. doi:10.1186/1471-2180-7-41. Available from: <http://www.biomedcentral.com/1471-2180/7/41>.
