AYURVEDA CAN MAKE GLOBAL IMPACT LIKE YOGA

“

Our efforts are to tap real potential of Ayurveda, other AYUSH systems in imparting preventive , promotive, holistic healthcare to people.

”

स्वस्थस्य स्वास्थ्य रक्षणं, आतुरस्य विकार प्रशमनं च ।

It means : Apart from curing existing ailments, Ayurveda also protects the overall health of the body. No wonder, that more than Rog, Ayurveda talks about Nirog. Back in the day, if someone went to a Vaidya, he or she not only got a medicine but also a few Mantras like: भोजन करे आराम से सब चिंता को मार । चबा चबा के खाइए,वैद्य न आवे द्वार।।

The WHO has also announced the setting up of the global center for traditional medicine in India, Next 50 years will be the "Amrit Yug Of Ayurved" the long awaited "Golden Age of Ayurved"

(Hon'ble Prime Minister **Shri. Narendra Modi** at fourth Global Ayurveda Festival)

AYURVEDA IS THE CONQUEROR OF ALL DISEASES

“

Ancient sages and saints developed indigenous medicinal systems to cure people and added to that Ayurveda is becoming popular again. Its significance was seen during the Covid pandemic. State governments are dedicated to promote traditional medicines for the benefit of people.

”

[Hon'ble Governor of U.P. **Smt. Anandiben Patel** In Ayurveda seminar at Meerut.]

AYURVEDA IS BECOMING PREFERRED MEDICAL THERAPY

“

"Efficacy and significance of India's ancient medical system. Ayurveda was accepted worldwide during the corona pandemic in the field. Proper research and development in Ayurveda were lacking due to inferiority complex in the past, but the world accepted efficacy of Ayurveda during pandemic.

”

[Hon'ble Chief Minister **Shri. Yogi Adityanath** at inauguration of Gorakhnath University]

GREATNESS OF SUSHRUT SAMHITA AND AYURVED

Many examples of medicines are available, from Charak Samhita to Dhanvantari ji, the biggest achievement is considered to be surgery, whose details are available in Sushrut Samhita, 186 chapters, 1100 diseases, 121 instruments, 640 methods, 300 procedures. The world is now moving towards Ayurvedic medicine and ayurvedic therapy.

[Hon'ble Deputy Chief Minister of (U.P.) **Mr. Brajesh Pathak**]

THE MOST ANCIENT MEDICAL SCIENCE " AYURVED "

This is the country with the oldest civilization in the world and our medical system is very ancient.

Our sages used to treat people with herbs. At the same time, Maharishi Sushruta, who is also called the Father of Surgery, used to do surgery with stones at that time.

[Hon'ble Ayush Minister (U.P.) **Dr. Daya Shankar Mishra** at Public Gathering]

Overview

- The current turnover of Indian AYUSH industry is US\$ 18.1 billion and the market size of Indian AYUSH industry as a whole, has grown by 17 per cent during 2014-2020. The total AYUSH & Herbal medicines export of India has increased from US\$ 1.09 billion in 2014 to US\$ 1.54 billion in 2020, registering a robust growth rate of 5.9 per cent annually.
- The Indian Ayurveda industry has several large players, with the micro, small and medium enterprises (MSMEs) capturing 80% market share. Ayurveda is witnessing a resurgence in India because people have accepted this as a way of life as opposed to the earlier notion of Ayurveda as an alternative area of medicine.

Global Ayurveda Market

- The Global Ayurveda market size was valued at \$3.4 billion in 2020 and is expected to reach \$14.9 billion by 2028, growing at a CAGR of 20.5% during the forecast period.
